DETAILED ACTION

Conclusion

1. This application is in condition for allowance except for the following formal matters:

Applicant needs to submit figure 2 which is now described in the new amended specification. Plus, the specification needs to be amended to include a description of all the structure and their interconnections as recited in the pending claims. Furthermore, the examiner requested the specification to include section headings in the Non-Final Office action dated 11/15/07; applicant has failed to comply with this request. In order to avoid abandonment of this application, applicant must amend the specification including the drawings as suggested above as well as in the communication mailed on 11/15/07.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
